

2026 Formula Kite World Championships

Equipment Substitution Request

Received: 2026-05-11 01:00 WEST

Request No: 03

Boat: Formula Kite - Men - SLO 42 - Toni Vodisek

Request:

Old Equipment:

New Equipment:

Reason:

In race1 my kite did a front-stall on the second upwind of the first race. It then got knotted and bowtied many times. It was very difficult to then rescue and many of the bridles got stretched further. This kite would have been dangerous to re-use I believe and I lost all confidence in using again.
