Notice:

The WASZP International Class Association permits the following change to the class rule:

Class rule D.5.2(d) is changed as follows:

The rudder pull down line and bungy may be removed. The hardware shall not be removed. Boats without hardware (tiller cleat and/or block) will be scored in the WASZP Games providing the hardware is restored before racing on 23 July.

Due to a shortage of available hardware, the technical committee will delay protests of boats breaking class rule D.5.2(d) until Wednesday, where the required hardware will be available at Sailingfast.
