Notice:

Schedule for Sunday 14th September

There will be no competitor briefing tomorrow, due to the early start.

As we are behind schedule, we will try to catch up races tomorrow - so upto 4 races are scheduled.

The forecasts show a mixed situation for tomorrow. We are not fully confident that the morning Peller will develop, but we feel we need to be ready to run racing. So the first Warning Signal tomorrow will be at 8.25am. We will then run as many races as possible, before the wind dies.

There is a good chance that we will then racing in the afternoon, if the Ora develops upto a maximum of 4 races overall.
