Penalty report

- Day 1: 3 protests = 1 green +1penalty (RRS18.3 Tacking in the zone)
- Day 2: 5 protests = 1 green + 4 penalties (RRS11 On the same tack overlapped + RRS13 While tacking + 2xRRS18.3 Tacking in the zone)

Taking a penalty in the top mark zone:

If you get a penalty in the top mark zone you have two options:

- Keep clear of the other boats and make a turn as soon as possible on the dog leg (As ITA7 done perfectly yesterday)
- To delay taking your penalty and sail on your proper course straight to the dog leg mark and then keep clear of the the other boats and make your turn ASAP (As MON99 done well yesterday).
