Luna Rosa - Breathe the future - oman sail - YC Saint Lunaire

Proposal 1:

To define each leg as an "event".

Reason:

The teams should have the possibility to have a different number of crew members onboard on the basis of the forecast.  
This call should be made 120 minutes before the first warning signal of the day and communicated to the PRO.

Answer: Not granted. The "event" by definition is the whole of all stages. See CR C3.1.(2)

Proposal 2:

To change/swap the crew members sailing during the day of racing.

Reason 1:

The boat is unknown in the country hosting the event and also in other countries. We would like to give more opportunities and more time on the boat to all the members of the teams that don't know the boat.

Reason 2:

Makes racing more enjoyable.

Reason 3:

Other successful sailing events such as SailGP, America's Cup apply this method in racing.

R 4 : Fiamme Gialle also agree on this section of the proposal

Answer: Not granted. See CR C3.1.(2)
