Notice:

The attention of all Moth sailors is drawn to the fact that Portland Harbour is a working Port and therefore consideration **MUST** be given to all other water users.

Following a number of incidents between Moths and dive boats, you are reminded that any vessel displaying Flag A has divers down, and the divers will have a small identifying float.

All vessels must be given a wide berth of at least 50 meters.

Any report of a moth getting too close to another vessel will be subject to a disciplinary hearing with the possibility of exclusion from the Moth Open and World Championships 2023.

We, unfortunately, have to impress upon you the seriousness of these incidents, which has the potential to result in the cancellation of the Championships.
