Notice:

Return of Hobie 16 Gold Fleet sails

INSTRUCTION

On Friday 26 JUL 2024 after the last Hobie 16 Gold Fleet race, when you come back onshore, please keep up the mainsail and the jib. This until the sails have been controlled in the area near the ramp by a representative from Hobie Cat Europe.

After that go to your assigned boat parking spot. Take down the sails. Leave the battens in mainsail and jib without tension.

The jib and mainsail must be rolled up separately and they must put in the sail bag with the battens pointing in direction of bag opening.

The bag must be brought to Hobie truck parked on the road behind the teahouse of Univela.
