Notice:

Dear J/70 sailor,

We wish you a very warm welcome to the 2024 Turkiye Championship of the J/70 in Ayvalık.

It's a pleasure for me to be in charge as Technical Committee during this event.

We will have official equipment inspection before the event. Attached you will find the preliminary schedule for the inspection.

[Schedule V1.1.pdf 405 KB](#)

In order to have a smooth inspection please prepare your boat as advised in the Championship inspections regulations.

We will limit the equipment inspection to the necessary minimum. This means:

Station 1: Sails which are already certified will only get an event stamp, but no further inspection is done.

Station 2: We will check the installed corrector weights against the corrector weights stated in the Manufacturer Declaration and

we will check the mandatory personal equipment according CR C.5.2.
Hulls which have an MD will have only these two stations.

Owners who want to get an MD before the event need to pass Station 3 and 4 in addition.

If you have any questions please address them via the Online-tool of racing rule of sailing "Questions"

We wish all participants great and successful races and a wonderful event.

Best regards,

Your Technical Committee
