

Item No. 05

Leg Start - 2

Protestee International 14 - Ger 55 - Binky

Approaching the bottom mark on lap 1 we were on starboard gybe and we called starboard to Binky GER55 and USA1026. Binky did not alter course and crashed directly into us causing us to crash into USA1026. We righted the boats, started sailing the rest of the course and then our rudder failed and snapped off due to damage caused by the collision ending our race and forcing us to retire. We would like to request a redress of our position - at the time we were 2 places behind GBR1484.

None
