Description

[20241001_einstein_penalty_taken_rabiou.png 304 KB](#)

At the course mark rabiou when running to the finish line, the boat Jedi didn't give us the needed way to round inside besides having overlap within 3 boat lengths in front of the mark. as a result the boat was touched by jedi and pushed to mark rabiou. To prevent further damage from the own boat a crew memeber touched the fixed mark. As a consequence we were protested by king of blue for touching the mark and we did an immediate one turn (tack and gybe) after having clear space after the mark on the way to tour portalet.
