

## 34th Airlie Beach Race Week

### Question for Officials

**Date:** 2022-08-14

---

**Question No:** 02

**Question For:** Race Committee

**Question:**

We recall seeing dimension IV handicap being increased to 0.94 after their massive win in race 1. Today I see they only got adjusted to 0.919 and had yet another massive 16 win. Even the higher handicap would have had them winning today by 12 minutes. Clearly this handicap is very wrong and needs significant adjustment to provide a level playing field for all. Under the current adjustment scheme they will post 5 wins and none will get close

**Answer:**

This is a Race Committee matter not Jury matter, I will refer to the Race Committee.
