

70° Rolex Giraglia 2023

□ Question for Officials

Date: 2023-06-11

Question No: 04

Question For: Race Committee

Question:

We submitted a question earlier regarding the OCS that we were listed as and we also logged a protest for this as we were confident that we were not over the line when the starting signal went off. We have now checked our recorded track in Expedition and we have proof that we were below the line - and not above the starting line which Expedition tracking will show. We will present this to the race committee tomorrow as we are keen to be fairly treated.

Answer:
