

RS Feva National Championship 2024

Question for Officials

Date: 2024-05-25

Question No: 01

Question For: Race Committee

Question:

Just a question as we've never raced in flights before... is every position paired i.e. for R1 we're down as 52 but there's only one result for position 51. Not contesting the position, just want to understand how it works please!

Answer:

There is an odd number of competitors in the event, so one flight will have one more boat than the other flight.
