Question for Officials

Date: 2024-06-09

Question No: 03

Question For: Race Committee

Question:

Dear Race Committee,
I would like to pose a question regarding the results.

As from Sailing Instructions Appendix B Event Format, and wednesday general technical meeting,
"FINAL STAGE

Boats will be assigned in 2 groups for the final stage (Gold and Silver) according to their ranking in the
qualifying stage.

The result of race 1 of the gold and silver fleet finals will be the qualifying stage position".

I believed that the points of my team would have been the ranking after the qualifications (r6) summed to the points of today race
(r7).

Instead, in today's results I have found a fictitious race (r6) that we did not make, plus the points of both qualifications and today
race.

A clear answer would be appreciated.

Best regards,
Alessandro Archetti
