**Question No:** 01

**Question For:** Race Committee

**Question:**

We are just looking to confirm in race 5 we (sail no 1484) were 2 boats behind sail no. 1527 before the storm hit where we waited for it to pass before finishing at the wing mark. When we got to the wing mark the rib told us to go in and we understand they finished us there. Can you confirm this please?

Thanks

Josh
