Question No: 04

Question For: Race Committee

Question:

Hi
I have posted a request for redress, this was posted after the protest time limit due to new information that I wasn't aware of which affected my start in race 5. I incorrectly filled in the form and put my name as the respondent, I have since emailed the race officer to make him aware that the race committee is the respondent.
Can you confirm that you have received the recent information and when will the hearing be.

Many thanks

Ross
