Question No: 04

Question For: Race Committee

Question:

Hi
I have posted a request for redress, this was posted after the protest time limit due to new information that I wasn't aware of which affected my start in race 5. I incorrectly filled in the form and put my name as the respondent, I have since emailed the race officer to make him aware that the race committee is the respondent.
Can you confirm that you have received the recent information and I when will the hearing be.

Many thanks

Ross
