

# Aegean Regatta 2024

## Question for Officials

**Date:** 2024-08-21

---

**Question No:** 01, 02

**Question For:** Race Committee

**Question:**

We kindly request to publish a) the source of the wind forecast and b) the date and time of the forecast used for scoring Race Nisyros (1) and Race Tilos (2), according the ORC scoring software, as it is stated on the last paragraph of the relevant ORC Guidelines.

<https://orc.org/sailors/news-archive/orc-weather-routing-scoring>

---

**Answer:**

WRS factors are provided directly by the ORC. We forwarded your question to ORC, and the answer is that the forecast model is PWE and the forecast time is roughly 18:30 UTC, for both races.
