

Marina Militare Nastro Rosa IL VELOCE

□ Question for Officials

Date: 2024-11-10

Question No: 09

Question For: Race Committee

Question:

Dear race committee,

This question is about the amendment n2 of nastro rosa veloce.

In the point 12.4 is written that for the marine area near Procida we don't have to respect the 0.5 miles valid for all the other marine area zone A.

Just south of this area there is another zone A named "la catena" centered in position 40°43.2' N 13° 59.4' E . Reading the amendment in my knowledge this area is not included in the amendment therefore it must be left at 0.5 miles.

To respect this limit we will have to pass at only 0.3 miles from Procida making this compulsory passage more dangerous than necessary.

My question is: do we have to respect the 0.5nm limit for the zone A "la catena"?
