Mayan Wind Fest 2025

Question for Officials

Date: 2025-01-17

Question No: 01

Question For: Race Committee

Question:

Request to substitute Marathon for 2 course races due to concern for safety of the sailors. As there are no trackers available from my knowledge and the sailors going downwind on the "east side" of the island out of view from everyone combined with the extended marathon time of 1:30 - 2:00 h:mins. Once we know someone is missing too much time will have passed.

Answer:

The race committee acknowledges your very valid concerns about safety. We will consider this and other factors in order to make a decision.
