

# A-Cat Ned&German Open 2025

## Question for Officials

**Date: 2025-05-30**

---

**Question No: 01**

**Question For: Race Committee**

**Question:**

Sailing instuction 12.3

I herewith kindly request the race comittee to amend the time limit from 15 minutes to a reasonable windows that reflects the conditions of lake Garda and the variation in skill level in the fleet.

To the first: winds can be patchy, light and die for the back of the fleet leaving them with a longer race.

The open class has sailors with olympic experience and inland lake sailors. This is a wide range off skills that especially in light winds results in large differences. The front end will foil in mostly any condition; mid-fleet this is already substantially different.

Hence the request: please amend finishing window to read 30 minutes.

Thank you.

---

**Answer:**

The RC published an amendment to SI 12.3
