Question No: 01

Question For: Race Committee

Question:

Regarding protest 6: Race committee against ycs.

How has this protest been validated as the protest was filed at 18.31 June 11, more than one day after the incident, when SI at point 12.3.1 clearly states that the rc has 2 hours time to present a protest against a boat after having learned about the incident, so 2 hours after the start, which was at 11 of the 10th of June?

What specific rule has overruled this clear statement such that the protest has been ruled valid even if it was filed 30 hours late?
