Question No: 04

Question For: Race Committee

Question:

Race committee

Please can you explain the following, stiletto finished the course yesterday, sailing through the adverse weather conditions in order to finish. Committee boat left its station as we were rounding the island closest to the finish line. We continued to cross the line without committee boat in place. We note we have not been placed, which we require some answers.

Look forward to a response

Oliver Rees

Stiletto

Answer:

You have not been placed because at 14:30 November flag was displayed. After there was a redress given to all boats, and boats that did not finish were given same points as entries in each class.
