Question for Officials

Date: 2026-06-03

Question No: 16

Question For: Race Committee

Question:

Per S.I. 13.2 the offshore start had been scheudeled to be a both-classes start together. By yesterday's notice to competitors it is written that there will be separate classes starts. Can you please explain what the procedure will be? Is it going to be a rolling start from 15.00 hours or there will be some minutes waiting between the first start and the second class warining signal? Thank you Michele Regolo

Answer:

The notice, which included the course details and the revised time, also stated that we will start each class separately. Probably a five-minute gap. between the start and the next warning signal. Further details will be issued to competitors before 13:00 hrs.
