

73° Loro Piana Giraglia

Question for Officials

Date: 2026-06-15

Question No: 16

Question For: Race Committee

Question:

Question regarding irc times

We think our result is correct but the corrected times and deltas in results are incorrect

Can you confirm our handicap used for corrected times is 1.3990

Our handicap is only 1 point different to spirit of Lorina winner race 2 yet our corrected Delta is 9 minutes instead of 7

Answer:

ARKAS's TCC is correct. The "delta" refers to the corrected times, which are expanded because the TCC is much greater than 1. This amplifies the difference between the corrected times and the elapsed times.
