

2021 Formula Kite World Championships

Question for Officials

Date: 2021-10-08

Question No: 01

Question For: Technical Committee

Question:

Dear Technical Committee,

Because of the extremely long delivery times at Ozone, I only have a 19 meter V4 with a Sewn-in Logo that I can use for the competition. Besides the logo that has been stitched into the kite, to make sure it would not be really heavy like putting a sticker on, the kite is completely stock. No external or internal adjustments were made to the kite. My question is if I will be able to use this kite during the upcoming competition.

Kind regards,

Jis van Hees (Dutch team)
