7. Description Of Incident

Race 4 began in a northerly. The race committee had the heading to mark 1 as 0deg. We rounded mark 1 and 1a in 3rd place. After many in the fleet rounded these marks, the northerly wind died and the southerly filled. There was a complete fleet inversion in results, we moved from 3rd to 3rd from last instantly. The "downwind leg" became an upwind leg and the following upwind leg became a downwind leg.
