## 7. Description Of Incident

I entered the 3-length zone to the mark 2 (reach top mark/ third leg) overlapped with NED 218737. We were sailing on port side, because of wind change going down-wind. I was hailing ROOM for him to give me space to turn the mark, he did not give me any room, he did not keep clear. When I tried to turn the mark I touched him with my sheet and I saw he capsized. After that I continued with downwind leg.
