7. Description Of Incident

On the second upwind/reach of Boys Gold Race 8, the wind shifted 35° to the right, and the velocity elevated to over 35-40 knots. The rapid change in conditions led to the course not being in the correct place, as the legs were not how they were supposed to be. This extreme weather was not only against the competitive spirit of the event, but it was extremely dangerous and unexpected. Due to the nature of the race, we politely request that it be removed from the scoring of the regatta.

8. Damage Or Injury
