7. Description Of Incident

at 1547 True North was sailing immediately North of the Hazard Zone established in the SIs under 7.3. Double Time was sailing South of True North between the North boundary of the Hazard Zone and the construction crane. True North took a video of Double Times location in support of the incident. True North protested Double Time at this time. As Double Time was outside hailing distance at the next opportunity to hail Double Time, which was after the finish of the race on the water, True North came along side Double Time and hailed protest and raised a red flag.
