7. Description Of Incident

Vessel 1380 was on port tack having come out of a minor collision with another boat and had room and opportunity to bear away or take avoiding action. We were on starboard tack. After shouting 'starboard' we took avoiding action by heading to wind but were unable to avoid a collision. Vessel 1380 sailed straight into our vessel and their hull pierced a hole in our port hull. Picture attached. The incident was witnessed by Dragoon1334.

8. Damage Or Injury

Port hull has been holed
