7. Description Of Incident

On startline we were lined up from a minute to go. I (219391) was to leeward of 219260. In the final 20 seconds 219260 trigger pulled and after realising we were close to the line, proceeded to reach down the line. Whilst reaching his boom and then hull collided with my body (I was hiking and close hauled) and hull respectively. 219260 realised this and immediately headed up as I called protest. However he continued to sail over the top of me and not do turns.
