We were sailing on port engaged with Nadir on port to starboard.

We jibed and we broke the engagement, clear astern at 6BL to the mark.

We entered the zone without being engaged and constantly advising Nadir they were not inside the mark.

We delayed our drop and our turning in order to avoid contact.

We protest Nadir for rule 18.2b.

We did our rounding as soon as there was no risk of collision so we protest Nadir also for rule 14.
