## 7. Description Of Incident

At mark 5, I was rounding behind USA 212869 with room on JPN 217702. My focus was on USA 212869 to ensure I gave him room and that I had a seamanlike mark rounding. To the least of my expectations, the front quarter of the JPN 217702 boat hooked the eye on the back of my boom with the rail of his boat, causing the line of my outhaul to break off. I am filing this protest in hopes that I get a redress as the outcome of this situation cause me to have to retire as my boat was not sailable. I was not able to to say protest on the water as I was I shocked as to what happened and it all took place so fast.
