7. Description Of Incident

GER 169 was on starboard, aiming at the finish line. It was clear that they wouldn't fit into the finish. We were on port. When it was clear that there would be a boat to boat situation, we started to ease the kite completely. GER 169 had the opportunity to cross us in front. Instead, they did a gybe in the 3 length circle of the pinnend boat. They were ahead of us. Somehow they lost control over their boat and bared away too much so that they went through the wind and crashed us. They even nearly capsized. Ashore they came to us and admitted their fault.

8. Damage Or Injury

Huge Bump on port side of the boat and some damage on the wing.
