7. Description Of Incident

I was sailing starboard-tack fetching the First mark. I was already in the zone of Mark 1 when boat 117474 was sailing port-tack in the zone and it had a collision course with us. Boat 117474 tacked and immediately after it completed the change of course there was a collision between the bows of our boat and the sterns of their boat. The collision could not be avoided as we did not have any space to maneuver as a consequence of boat 117474 actions. However, the collision did not cause any damage to people or things.

8. Damage Or Injury

There was no damage.
