7. Description Of Incident

We were approaching port layline roughly 5 boat lengths to leeward off the windward. We had no show on our hip. We ducked a starboard boat about 3 boat lengths before the layline. In this time kenny climbed on us I. We then got hailed by a starboard boat where in which we relayed the hail of starboard to Kenny. We called for room to tack. The boat that called starboard is our witness 1605. There was also a boat to leeward of us which prevented us from ducking so that was never an option. We crashtacked to avoid contact with 1601. He proceeded to not tack where we held our tack therefore causing 1601 to avoid us. We held up to avoid contact with no show. We were head to wind 10 seconds loosing 4 places. While Kenny proceeded to round the mark ahead of us and not do his turns.
