7. Description Of Incident

GER 169 was on starboard tack aiming at the finish line. It was clear that they would have to gybe for going through finish. We were on port tack. It was clear that there was going to be a boat to boat situation. 5 boat lengths before the finish we eased the kite completely to go behind GER 169. They had enough room to cross us in front. Instead, they gybed over us. That time we were in the tree boat lengths circle. GER 169 lost control over their boat and and nearly cupsized into us. The were windwards of us and hit us hard. They nearly cupsized after.

8. Damage Or Injury

Two huge bumps on the hull, crack on the wing.
