7. Description Of Incident

First down Wind at the gate on the right mark we entered the engaged area, both were portiere. Within the area the boat that was engaged with us (117490) picks up speed by leaning and tightening the mark without leaving us the internal space. Forcing us to lean to rest to avoid rear-end collision, inevitably we touched their left rudder.

8. Damage Or Injury

we touched their left rudder.
