7. Description Of Incident

ITA and CAN entered the 3 boat length zone on port tack, on the final downwind mark attempting to round the right gate before heading to the finish line. FIN entering the zone on starboard. FIN gybing around the mark and right after the gybe ITA went between FIN and the mark, despite they did not have any rights to be there. ITA then sailed straight into FIN boat from the back. ITA pole was suddenly between FIN skipper and the boat, almost pushing her out of the boat making her lose control and falling into the water. FIN skipper was hit by the pole of ITA entering from the rear.

FIN boat lost control while skipper in the water and more than 5 boats passed by. ITA didn't do a penalty and continued to the finish.

8. Damage Or Injury

FIN skipper safety was compromised
