7. Description Of Incident

The protest committee logdes this protest under RRS 60.3(a)(1) as it learned of an incident involving CZE 1053 that may have resulted in serious damage.

Description of GER 807 as reported to the protest committee:

We were going upwind with our sail on port whilst CZE 1053 was going downwind with their sail and gennacker on starboard. They jibed into us and hit our boat with their gennacker boom.

We shouted protest after the incident and communicated our intent to protest on land after.

It is possible to watch the incident on the monitoring system, but the file is too big.

In our opinion they broke rules 10, 11 and 16.
