Other Comment:

7. Description Of Incident

UCD 1 was overlapped before the start with Mojo. UCD 1 was to leeward and Mojo to windward. UCD 1 was close hauled whilst Mojo was bearing down as they were over the line. UCD 1 had to avoid Mojo by aggressively pointing upwind as Mojo continued to bear away. If we did not alter course there would have been a collision.

8. Damage Or Injury

No damage due to avoiding of collision by UCD 1
