## 7. Description Of Incident

we were on the downwind leg and i was the windward of three boats on starboard tack heading towards the right side of the leeward gate with room and two other boats on the left side of me. we were 15 boat lengths away from the mark when overlap was achieved with both boats. and the overlap was not broken throughout those 15 boat lengths. then 174243, who was aware of my and boat 6's need for room and acknowledged that. then he forced me to hit the mark and the other boat .
