7. Description Of Incident

At the leeward mark one of the ribs came in to stop the mark drifting forcing me wide of the mark. I was forced wide I sailed 10 boat lengths low on port tack and then tacked onto starboard. My tack was complete 2 boat lengths to leeward of GER 32. I Hailed starboard he took no avoiding action so I hailed again. He said I can't do that. Then tacked in front of me. I pushed my boat head to wind to avoid a collision. No collision occurred. We both returned to our proper course with me to windward but quite close as GER 32 had not taken avoiding action. GER then reached out and thumped his fist on my foredeck. I then hailed protest.
