7. Description Of Incident

30 seconds before the start we were two boat lengths below the start on starboard near the center of the line going approximately 3 knots. Boat 1 tacked onto port, down speed, three boat lengths away from us. Our bow was aimed at their pit, and I told other boat "holding holding holding" so that they would know I wasn't altering. The whole time we were going to hit them mid boat on their starboard side, and when it became clear a collision was imminent, we did a big duck below them and hailed protest, then flew the flag.
