## 7. Description Of Incident

At the White Buoy Mark Apple Sauce was inside of me claimed 'overlap' inside of 3 boat lengths I told him I don't have to give way but didn't want a collision but I will try and give room but I had - and he should have seen as overtaking boat Grabitude to my Starboard. Sauce proceeded to barged through colliding with me and forcing me into Grabitude as I was sandwiched between the two boats. Apple Sauce should not have barged the mark, should have avoided the collision and gone above the Mark. If he felt he was in the right he could have protested but he forced a situation on two boats of his making.

## 8. Damage Or Injury

It was dark when we got in, damage if any will be assessed in the morning.
