7. Description Of Incident

I was going upwind on starboard tack and Bruno was windward from me and all of a sudden his kite was on top of mine and the result was our kites were tangled. It caused both of us to crash on the water. When we finally untangled, I realized my bridles were broken, my kite was front stalling, and I couldn't fly the kite and continue sailing.

8. Damage Or Injury

Bridles broken and kite could not fly properly.
