7. Description Of Incident

I was approaching top mark (1st mark) on starboard. Kacamak was approaching top mark on port and did not keep clear. He started to tack but I had to avoid a collision and went closer to wind (almost against a wind). I almost stopped due to his actions. I have a witness Boomerang who saw this situation and can add new information for a protest hearing. Please reopen a hearing in order to take all information into account and to make a fair decision. I would appreciate it.
