## RE: Class Rule Changes for 2021 World Championships

In accordance with RRS 87, the International Formula Windsurfing Class permits the following Class Rule Change through the Notice of Race.

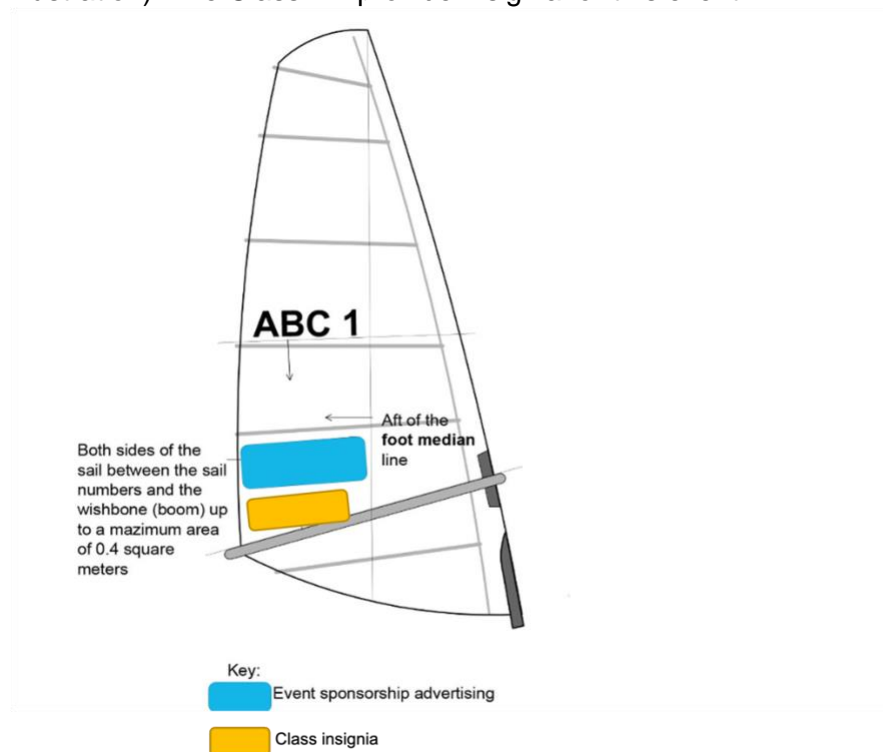

---

*Add class rule C.8.2 (c) to read:*

Class insignia shall be placed above the boom and below event sponsorship, if any.

Reasons:

Formula Windsurfing allows registration of sails used in other windsurfing classes. In order for competitors not to have to remove other class insignia, the FWC insignia place is changed (see illustration). The Class will provide insignia for this event.
