5. Incident

Time Place: 2021-6-30, 7:15 pm, at the south end of the MdR detached breakwater

Rules: I respectfully request the reopening of the hearing due to a procedural infraction due to the hearing being started without all three judges present. The second judge arrived at the point where the respondent's witness was giving his statement and the third judge showed up at the ending statements. I was also not in a state of mind that was able to process the event well. I had stated to the RC that I was very shaken from the accident and I even needed assistance in fill out the protest form, I had tried about three times on my own, a very kind lady from the race committee assisted me in fill out the protest form. Also I must have been so disoriented in the hearing that one of the judges, who's name I don't remember but was wearing a Bravura jacket, came out and did a pupal check. I thought how strange, did this guy think I was so bad the he thought my brain may have been putting pressure on my optic nerve. I must have had a concussion because my mind didn't clear until Sunday.

Witnesses: Mike Kunes, Ryan Ward
